25X1

COST COMPARISON 

25X1

1. A cost comparison for each area division is appended. For clarity, the comparison for the FE Division has detailed references to the source of fundamentals and derivation of values for each item. Comparisons  in all other divisions are similarly computed.
2. Results are summarized:

<u>Area Division</u>		<u>Increased Cost to Provide Agency-owned Furnishings</u>
a.	FE	24.9
b.	EE	34.9
c.	WH	114.2
d.	WE	70.3
e.	NE	8.2
f.	AP	56.0
		308.5

Average percent for Agency (308.5 divided by 6) = 51.4

3. The average greater cost to the Agency indicated for provision of Agency-owned furnishings is conservative for these reasons:
  - a. The cost of transportation for Agency-owned furniture and cost of its storage overseas are available only at each field component. If these costs were included in the comparisons, the cost differential would be substantially greater.

b.
